WORK EXPERIENCE

Rocket League Coach

July 2024 – Present

Roehampton University

- Led the squad to win the University Rocketeers — the highest-level university esports tournament in Europe — and the National Student Esports on two consecutive occasions, the highest-level of UK university esports competition, significantly improving on past results.
- Designed and delivered structured training sessions focused on individual skill development and team strategy, measurably improving player performance.
- Conducted in-depth gameplay analysis to identify performance gaps and delivered targeted, actionable coaching feedback.
- Aligned development goals with university programme objectives, building a results-driven team culture.

Independent Coaching

- Built and managed an independent Rocket League coaching business across Discord and Metafy, developing a client base through personal branding and community engagement.
- Produced personalised video analysis and custom training plans, managing clients over extended periods to deliver consistent, measurable improvement.

Marketing & Social Media Intern

April 2025 – August 2025 (Part of University Course)

Fin Jackson Audio

- Managed all social media channels end-to-end; produced, edited, and published video content using DaVinci Resolve to grow brand visibility.
- Leveraged HotJar, website analytics tools, Wix Studio, and Meta Business Suite to monitor performance, analyse user behaviour, and optimise digital campaigns.

- Helped within the full content pipeline from creative ideation through production to publishing, delivering consistent engagement growth.

Sales Assistant

November 2022 – June 2024

O2

- Consistently exceeded sales targets by delivering personalised customer experience and efficiently resolving technical queries.
- Built strong customer relationships by identifying individual needs and recommending solutions.
- Developed deep product knowledge of consumer technology, using this to enhance the customer journey and contribute to team targets.

Esports Team Manager

December 2020 – March 2022

Rix.gg

- Oversaw all team logistics, scheduling, and tournament operations, ensuring seamless management of a professional esports roster.
- Cultivated a positive team culture, proactively addressing player wellbeing and motivation to boost performance and retention.
- Partnered with senior management to identify and resolve operational challenges, improving team cohesion and performance.

Junior CAD Technician

September 2019 – September 2020

Amey

- Streamlined project workflows through efficient CAD practices, reducing design review cycles and improving delivery timelines.
- Collaborated with contractors to identify design flaws early and implement effective solutions.
- Gained valuable commercial awareness through active participation in project meetings and infrastructure business decisions.

General Assistant

August 2017 – September 2019

Iceland Foods

- Optimised stock management processes, significantly reducing delivery processing times and improving warehouse efficiency.
- Developed early commercial awareness by engaging with management on retail operational and business decisions.
- Thrived in a fast-paced, high-volume environment, demonstrating strong resilience and sustained focus on quality.
